

## FEATURES AND BENEFITS

- High performance quality
- Reacts naturally
- Improved durability and safety
- Virtually maintenance free
- Clean and can be cleaned easily
- Consistent performance over time and use

## APPLICATION

This product can be installed indoors or outdoors on concrete or a compacted aggregate base. This dual-colored polyethylene putting surface features a high density construction with a multi-shear finish to ensure a smooth, natural roll with speeds that resemble a bent grass golf green.

| PROPERTY                                    | DESCRIPTION                          |
|---|--------------------------------------|
| <b>Primary/Stalk Yarn Polymer</b>           | Polyethylene                         |
| <b>Yarn Cross Section</b>                   | Texturized Polyethylene Monofilament |
| <b>Standard Colors</b>                      | Verde/Olive                          |
| <b>UV Stabilized</b>                        | Yes                                  |
| <b>Fabric Construction</b>                  | Tufted                               |
| <b>Primary Backing</b>                      | Dual Layered Woven Polypropylene     |
| <b>Coating Type(s)</b>                      | SilverBack™ Polyurethane             |
| <b>Perforations</b>                         | No                                   |
| <b>Texturized Polypropylene Denier/Ends</b> | 6000/8                               |
| <b>Recommended Infill</b>                   | N/A                                  |
| <b>Pile Height</b>                          | 3/8"                                 |
| <b>Total Weight</b>                         | 75 oz.                               |
| <b>Fabric Width</b>                         | 15 Ft.                               |
